For the first time ever, the European Square Dance Convention will take place in the Czech Republic. Come and join the fun in Kladno on July 27/28/29, 2012!

The program takes place in five full-time halls with wooden or soft floor, all within walking distance. Look forward to Square Dance from Basic through C2 as well as to Round Dance. One of the halls offers Basic all the time so the new dancers can come and have lots of fun as well!

Our magnificent leaders on the stage are looking forward to meet you and entertain you with their calls and cues.

Enjoy the unique opportunity of experience the presentations of callers from virtually all European countries where Square Dance is active. It will make the Convention truly European!

Have a taste of the Czech and Slovak dancing, calling and cueing: the most experienced local callers and cuers will give you a chance to get acquainted with the specialties of their performance!

# Information

- The European Convention 2012 will take place at the city sport site in the Sportovcu street in Kladno, Czech Republic. Halls 1 and 2 will be located in the same building together with the registration point and the Square Dance shops, halls 3 and 4 are in a walking distance from there. Parking places will be available nearby at two parking lots.
- As usual, there will be signs to lead the car drivers from the highway exits on.
- The entrance fee is **30 EUR** per person over 26 years and **15 EUR** per person under 26 years. The fee covers the whole dance and it is not possible to offer part-time discounts. For pre-registered dancers, the fee includes the blue-and-yellow European Convention dangle.
- Although euro is not used in the Czech Republic, it will be accepted as the currency at the European Convention (along with Czech crowns, of course).
- One of the hall will be designated as the sleeping hall (for **5 EUR** per person and night) but remember that it has to be made ready for dancing on Saturday and Sunday morning.
- It is possible to stay in mobile homes at the parking lot but there is no electricity or water connection available. Sorry :-(
